Dear Sir:

Please amend the present application as follows:

In the Claims:

Please add the following new claim:

--22. A print media product comprising:

a substrate; and

at least one ink-receiving layer supported by said substrate, said ink-receiving layer  
being comprised of:

at least one pigment composition comprised of a material selected from  
the group consisting of boehmite, pseudo-boehmite, and a mixture thereof,  
said material being present in said ink-receiving layer in an amount equal to at  
least about 65% by weight of said ink-receiving layer;
